October 30, 2008

Mr. Gerardo Rios
Chief - Permits Office
U. S. EPA, Region IX
75 Hawthorne Street, Air 3
San Francisco, CA 94105

Reference: Transmittal of Proposed Initial Title V Permits

Dear Mr. Rios:

Enclosed are the proposed initial Title V permits for five facilities (list attached) located in the South Coast Air Basin, along with each facility's permit application, permit summary, and public notice. With your receipt of the proposed Title V permits, we will note that the EPA 45-day review period will begin on November 3, 2008.

Questions on the proposed permit should be directed to Thomas Liebel of my staff at (909) 396-2554.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jay Chen', is positioned above the typed name.

Jay Chen

NOTICE OF PROPOSED TITLE V PERMITS

The South Coast Air Quality Management District (AQMD) is replacing the existing operating permits that were previously issued to the facilities listed below with new, more comprehensive permits as required by Title V of the federal Clean Air Act. These are existing facilities applying for an initial Title V permit.

Facility Locations and Contact Information

Chevron USA Inc.

15359 Oxnard St.
Van Nuys, CA 91411-2506
Facility ID# 002526

Contact Person:

Juan R. De Luna
Plant Operator

This is an existing facility, applying for an initial Title V permit that owns and operates a bulk gasoline terminal. This facility is operating storage tanks and bulk loading/unloading racks. A carbon adsorption system is used for vapor recovery.

Equilon Enterprises, LLC

20945 S. Wilmington Ave.
Carson, CA 90810
Facility ID# 800372

Contact Person:

Tom Jackson
Environmental Engineer

This is an existing facility, applying for an initial Title V permit that owns and operates a bulk gasoline and chemical distribution terminal. This facility is operating blending tanks, storage tanks, chemical bulk loading/unloading racks, an oil water separator, internal combustion engines, groundwater and soil vapor extraction and treatment systems. Air pollution control equipment includes carbon adsorbers and thermal and catalytic oxidation systems.

ConocoPhillips Company

13500 S. Broadway
Los Angeles, CA 90061
Facility ID# 800365

Contact Person:

Jim Adams
Environmental Coordinator
3900 Kilroy Airport Way, Ste 210
Long Beach, CA 90806

This is an existing facility, applying for an initial Title V permit that owns and operates a bulk gasoline terminal. This facility operates storage tanks, bulk loading/unloading racks, soil vapor extraction and treatment systems, and vapor recovery systems.

As required by Title V of the federal Clean Air Act, AQMD will be reissuing existing permits in the form of Title V permits. The Title V permits will contain all of the emissions limits and operating conditions contained in the previous permits and they may require additional monitoring. The new Title V permits will require additional recordkeeping, mandatory reporting of any violations of permit conditions, and annual certifications by the permittees that the facilities are in compliance with the new permits. The permits will be enforceable by the AQMD, the federal government, and citizens.

The proposed permits are available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA 91765, the Central Library, 630 West Fifth Street, Los Angeles, CA 90071, and at the Los Angeles Public Library, 1300 N. Avalon Blvd., Wilmington, CA 90744. The permits can also be viewed at <http://www.aqmd.gov/webappl/PublicNotices/Search.aspx> by entering the facility's ID number. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. Written comments should be submitted to:

South Coast Air Quality Management District
Refinery and Waste Management Permitting
21865 Copley Drive
Diamond Bar, CA, 91765-4182
Attn: Thomas Liebel, Sr. Air Quality Engineer

Comments must be received by December 3, 2008.

The AQMD will consider all public comments and may revise the Title V permits in accordance with AQMD rules and regulations.

The public may request AQMD to conduct a public hearing on the proposed permits by submitting a Hearing Request Form (Form 500-G) to Thomas Liebel at the above AQMD address. The AQMD will hold a public hearing if there is evidence that the proposed permits are not correct or are not adequate to ensure compliance with regulatory requirements, and a hearing will likely provide additional

information that will affect the drafting and/or issuance of the permits. Public hearing request forms and the schedule of public hearings may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or from the internet at <http://www.aqmd.gov/titlev>. Requests for public hearings are due by November 18, 2008. A copy of the hearing request must also be sent by first class mail to the contact person listed above.

NOTICE OF PROPOSED TITLE V PERMIT

The South Coast Air Quality Management District (AQMD) is replacing the existing operating permits that were previously issued to the facilities listed below with new, more comprehensive permits as required by Title V of the federal Clean Air Act. These are existing facilities applying for an initial Title V permit.

Facility Locations and Contact Information

Chevron Products Company

17881 Gothard St.
Huntington Beach, CA 92647
Facility ID# 800302

Contact Person:

Paul Coon
Terminal Manager

This is an existing facility, applying for an initial Title V permit, that owns and operates a bulk gasoline terminal. The facility is operating storage tanks, bulk loading racks, a wastewater treatment system, and a vapor recovery system.

Pacific Terminals, LLC

21652 Newland St.
Huntington Beach, CA 92646
Facility ID# 800419

Contact Person:

Ngiabi Gicuhi
Environmental Engineer
5900 Cherry Ave.
Long Beach, CA 90805

This is an existing facility, applying for an initial Title V permit, that owns and operates a pipeline oil transfer station. The facility operates storage tanks and a process heater.

As required by Title V of the federal Clean Air Act, AQMD will be reissuing existing permits in the form of Title V permits. The Title V permits will contain all of the emissions limits and operating conditions contained in the previous permits and they may require additional monitoring. The new Title V

permits will require additional recordkeeping, mandatory reporting of any violations of permit conditions, and annual certifications by the permittees that the facilities are in compliance with the new permits. The permits will be enforceable by the AQMD, the federal government, and citizens.

The proposed permits are available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA, and at the Fountain Valley Library, 17635 Los Alamos, Fountain Valley, CA 92708. The permits can also be viewed

at <http://www.aqmd.gov/webappl/PublicNotices/Search.aspx> by entering the facility's ID number. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. Written comments should be submitted to:
